

Fastbolt tee'd up for another charity winner

Fastbolt stages the second Heinz Storch Memorial Golf Day at the Mentmore Golf and Country Club – appropriately on 5 June, which is Heinz's birth date. Last year the inaugural event raised over £6,000 for the Willen Hospice in Milton Keynes, which during 2008 provided care for over 400 terminally ill people and their families.

UK managing director, Graham Joyce is looking forward to another successful day and a repeat of last year's weather. "Last year far exceeded our fundraising expectations but Willen's needs are, if anything, even greater now. Despite the economic conditions I am glad to say we have great support for this year's event and I am very hopeful that we will again be able to make a real difference to a charity that has always been close to Heinz's heart."

Amongst many items donated for a charity auction, to be held at the dinner, is a full-page advertisement and feature editorial from this magazine. Graham will be accepting bids right up to the night – to make your offer for a package worth over 2,000 euros contact him personally at g.joyce@fastbolt.com For more on Willen Hospice visit www.willen-hospice.org.uk.
