

Fastbolt fundraising makes par

Following the second, if anything even more, successful Fastbolt Charity Golf Day Heinz Storch's son Julian has just presented cheques for more than £6,000 to Willen Hospice.

The donation was received by Julia Rogerson, events and promotions manager for the hospice. Fastbolt UK managing director and organiser of the golf day, Graham Joyce commented, "We were extremely pleased that Julian, who has been working in Fastbolt UK for a few days as part of his studies, should be able to hand over another outstanding contribution to a cause that was always important to Heinz. Matching the figure raised last year, in spite of current trading conditions, proves the UK fastener industry's heart remains in the right place."
