

# Fastbolt Charity Golf Day hits £7,000 mark

The fourth annual Fastbolt Charity Golf Day in memory of Heniz Storch took place once again at the glorious Mentmore Golf and Country Club, with the amount raised going over the £7,000 mark for the first time.

**A**lthough scheduled for mid-June, the sun only made fleeting appearances, in what otherwise was a great day. However, some players were obviously thinking of summer and the beach with several visiting the various bunkers dotted around the Rothschild course.

Over the last four years the event has managed to raise over £25,000 for Willen Hospice, a local charity that cares for adults with terminal illness.

In addition to the players' fees, every

hole was sponsored, there were also prizes donated for the longest drive and two nearest the pin competitions, and the evening dinner featured a big prize raffle and an auction of donated items.

Below is a selection of photographs of the picturesque course, and some of those tricky bunkers. Also included are photos of the winners from the day, apart from Willen Hospice that is.

Next year's even will be held on Friday 15<sup>th</sup> June 2012 once again at the splendid Mentmore Golf and Country Club.

Overall winner Paul Woodhead accepts award.
