

Fastbolt golf day provides valued support for hospice

Julia Rogerson, events and promotions manager at Willen Hospice, accepts a cheque for £7,000 from Fastbolt directors, Graham Joyce, Amanda True and Rob Brunger.

The fourth Fastbolt Charity Golf Day, held in memory of Heinz Storch, once again exceeded previous results on behalf of the hospice in Milton Keynes, which provides specialist physical, emotional, spiritual and practical support to people with life limiting conditions, as well as their families.

Speaking at the golf day presentation Julia Rogerson had emphasised the vital importance of events like Fastbolt's in contributing to the hospice's fund raising target, particularly in the face of constrained government funding for its services. Receiving the cheque she reiterated Willen's appreciation for the generosity of participants at the golf day and the continued commitment of the Fastbolt team to its organisation.

Next year's event will be staged again at the Mentmore Golf and Country Club on Friday 15th June.
